## ECO-FRIENDLY PARK

In line with the Green Economy Policy and the PCDS 2030 aspiration to nurture intensive high value-added processing, Sarawak is developing an eco-friendly furniture park in Tanjung Manis to facilitate new investors in the sector.

The 50 ha Tanjung Manis Furniture Park (TMFP) promotes a circular economy, complemented by low footprint electricity supply and sustainable sourced wood from forest plantations making it a suitable hub for producing eco-friendly furniture to meet global market demand. The site has been fully developed, complete with supporting infrastructure and is ready to accommodate investments immediately!
