PREFACE

Welcome to the extraordinary journey through the heartwood of Sarawak's timber industry. The Sarawak's Timber Products Classification Glossary, 3rd Edition, is your guide to navigating the labyrinth of HS Codes, revealing the secrets of Customs Duties Order 2022.

This Glossary is more than just a document. It is a beacon of enlightenment for the wood-based industry players. It is your passport to seamless operations in the world of timber products, endorsed by the Sarawak Timber Industry Development Corporation (STIDC) and the Royal Malaysian Customs Department (RMCD).

The Glossary aims to provide guidance and reference to the wood-based industry players as well as Sarawak Timber Industry Development (STIDC) and Royal Malaysian Customs Department (RMCD) officers

in processing export and import license application as well as other activities related to timber products in accordance with Customs Duties Order 2022, Custom (Prohibition of Export) Order 2023 and Customs (Prohibition of Import) Order 2023.

When questions arise, when the HS Codes leave you intrigued, remember this: STIDC and RMCD are your guiding stars. They are your go-to, your fount of wisdom, your source of clarity.

The 3rd Edition of the Sarawak's Timber Products Classification Glossary is more than a preface. It is the overture to a symphony of knowledge, the gateway to precision in timber classification. Let us venture into the world where timber and codes unite, where understanding is key, and where your success in the timber industry begins.

FOREWORD

THE GENERAL MANAGER OF SARAWAK TIMBER INDUSTRY DEVELOPMENT CORPORATION (STIDC)

PERUTUSAN DARIPADA PENGURUS BESAR, PUSAKA

Assalamualaikum, Salam Sejahtera, and Salam 1 PUSAKA

Greetings and Congratulations as we celebrate the remarkable success of Sarawak Timber Industry Development Corporation (STIDC) and the Royal Malaysian Customs Department (RMCD) in presenting the Sarawak's Timber Products Classification Glossary, 3rd Edition.

STIDC, the guardian of Sarawak's wood-based industry, is a beacon of development and progress. Its unwavering commitment to expanding wood-based industries across Sarawak, while balancing economic interests, capital availability, and sustainable forest management, is nothing short of commendable.

The commitment to quality services is the driving force behind STIDC's mission. Their dedication to promoting and facilitating timber industry development, aiding those involved in timber production and marketing, resonates with excellence.

This Glossary is not just a document. It is a map to new horizons. It promises to be a guiding light, not only for STIDC and RMCD but also for industry players and the general public, illuminating the path to understanding timber product tariff codes for international trade.

Last but never least, a heartfelt expression of gratitude to all who have contributed, both big and small, to ensure the resounding success of this Glossary. Your efforts have created a legacy that will benefit generations to come.

With sincere appreciation and best wishes,

HAJI ZAINAL ABIDIN BIN HAJI ABDULLAH
General Manager,
Sarawak Timber Industry Development Corporation

GLOSSARY OF WOOD AND WOODWORKING TERMS

CUSTOMS TARIFF CODE 4403, 4407

APPENDIX 1 • GLOSSARY OF WOOD AND WOODWORKING TERMS

Battenboard

A variation of laminboard with the core formed of strips.

Baluster

One of a set of posts supporting a stair handrail.

Balustrade

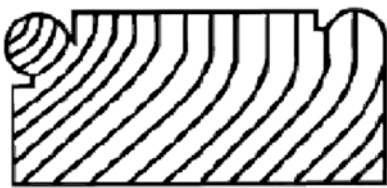

The protective barrier alongside a staircase or landing.

Banister

See Balustrade.

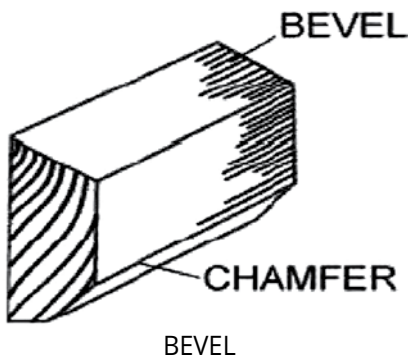

Batten

A narrow strip of wood.

Beaded Wood

A simple round moulding. Also see **Moulded wood**.

Bevel

An angle but not a right angle. A sloping or canted surface.

Bole

The tree trunk is sometimes also called the bole. After felling, the branches are removed, leaving the trunk - at this stage it's known as a log.

Broad-leaved trees

Broad-leaved trees produce hardwood timber. Their seeds are in an enclosed case or ovary, such as an acorn or walnut. In temperate climates they're usually deciduous - they lose their leaves in winter.
